The Editor
"Courier"
9 Yarrabee Court
MT WAVERLEY VIC 3149

Dear Tom

As one of the foundation members, and the original Editor of "The Veteran Athlete" 1971 - 1979, I would like to comment on the future of the AAVAC.

I am full of admiration for Colin Browne's comprehensive and thoughtful article titled - "The future of the Vets". He has just about covered everything, however now that the ACT Veteran Club has found itself the 'workhorse' for "Masters Athletics" I ask myself, why?

We already conduct our own National Championships for an entry fee of about \$20, for members only. Our club membership fee is about \$25 for yearly participation and our entry fees are about a dollar per event on a weekly basis

In "The Masters Games" we have a private company, employing key members of 31 sports on a salary, with plenty of big name sponsors and each of the 31 sports have been loaded with the task of conducting the actual competition - for what advantage?

Not only does an AAVAC club conduct the full athletic program, but also a half-marathon, a Fun Run and a Street Mile.

The income from registration fees and entry fees will be in excess of \$1.5 million. First there is a Rego Fee of \$70 for competitors, then the entry fees range from \$25 for athletics to \$130 for golf.

I am afraid we are in danger of losing our traditional name of 'Veteran' and, if we do not thoroughly digest Colin Browne's article, we will go into oblivion in the same manner as the ARL and Super League fiasco. We are after all a sport based on the Olympic Oath - "The important thing is the taking part, not the winning"

We must keep membership fees low, but clearly "The Masters" have shown our championship fees should be increased

We have a wonderful sport, conducted in the true spirit of friendship by volunteers. To chase the 'gravy train' of Government funding and professional administrators will be a loss that no money can buy

Finally, I am not able to understand why we have catered for 30 year olds, after all many Olympic champions including sprinters are in their late thirties.

Think about it

Yours faithfully

John Pennington
